Bill payments at Citibank ATMs

Dear Citibank customers!

We are pleased to inform you that we have launched a new service for Citibank customers - bill payments at Citibank ATMs.

From now on you will be able to pay bills to over 40 merchants (including regional ones) at any [Citibank ATM](#) across Russia with your Citibank debit or credit card.

All payments are free. Majority of them are on-line.

You can also use [Citibank Online](#) or call [24-Hour CitiPhone Banking](#) to pay your mobile bills (MTS, Beeline, MegaFon) and bills for domestic and intercity/international calls (MGTS and Rostelecom MMT). All payments are as well free. Mobile payments are credited on-line.

We really hope you will enjoy the new service provided by Citibank.
