Euroweek Awards

On 11th of February Euroweek held its Loan Market Annual Dinner and Citigroup had a clean sweep of the most significant awards including the top award of Most Impressive Arranger.

This is Euroweek's equivalent of IFR's Loan House of the Year. However, unlike the IFR awards which are decided by the magazine's editorial staff, Euroweek awards are based upon votes from banks and institutional investors across the loan market, and are therefore a real acknowledgment by our competitors and investors of the quality of our loans franchise and our successes in 2003.

Other Citigroup Euroweek awards include:

- Best Arranger of Western European Loans
- Best Arranger of Eastern European Loans
- Best Arranger of Russian Loans
