Citi Mobile updates

Citibank is improving the Citi Mobile application, after taking into consideration our clients' feedback, and, implementing innovative solutions.

We are happy to announce the release of a new Citi Mobile version, suitable for any mobile device. Visit App Store or Google Play to download the mobile application for iOS or Android devices. Other mobile phone users whose devices support any internet connection can use our web-based service, mobile.citibank.ru.

The new Citi Mobile version contains the following updates:

- In "Find My Citi" section - a search function of the nearest commission free payment terminal "Elecsnet" is added.
- Account access is protected by an additional security enhancement – a one-time password sent as a flash SMS*.
- A payment flow is updated.
- Citi Mobile application is adapted for iOS6.

* To improve usability, remember six-digit code by 3 digits.

Flash SMS – is an SMS message displayed immediately on the screen of your mobile phone supporting such option.
